This course is open to all Law Enforcement and Firefighters with tracking interests, regardless of previous experience or training, and will focus on training for beginning and novice student interests. Tracking students will be provided training at an appropriate level for their development and progress.

This will be a 30-hour course, beginning at 8:00 a.m. Friday September 25, 2026, at Camp Horizon Methodist Church Camp, 30811 Horizon Drive, Arkansas City, Kansas. Breakfast and class registration will be in the cafeteria, followed by lecture and a short power point presentation to provide a basic understanding of training mythology, techniques, and procedures.

Students will be individually challenged with tracking concepts and techniques. Advanced students will be provided training objectives working with new and advanced students in simulated Law Enforcement scenarios.

The training is designed to provide knowledge and experience in the art of seeing and following human footprints. Tracking of humans in crime scenes uncover the chronological order of events that took place and can show what the person did throughout the entire crime scene. A trained tracker, properly working a crime scene, can identify many elements of evidence during the investigation. Such examples as entry and exit of the crime scene, number of suspects, confirm or deny credibility of witnesses, premeditation, Probable Cause facts of evidence of whether a crime was or was not committed, drastically limit search areas for the investigation, direction of travel of fleeing suspects and many other factors.

Please Note:

Students should be physically fit and equipped for field practice. Field practice will continue during any inclement weather. Students should be prepared with wet/dry, cold/hot weather gear. Students will need note-taking materials, small tape measure, tracking stick or a dowel stick 5/8 diameter 48 inches long with three rubber bands, gloves, flashlight, knee pads, and some fashion of backpack to carry equipment in.

Certification hours are available through this class for Law Enforcement. There will be Law Enforcement specific information given throughout the training and Law Enforcement specific scenarios presented during the 30-hour class.
