GRAY MATTER SOLUTIONS

## Ballistic Shield Familiarization training

**Date: February 22, 2023**

**Cost: Free**

**Instructor: Jeremy Gray**

**Location: Wichita State University**

### **Course Description:**

Ballistic shield familiarization is a one day training designed to expose students to various concepts revolving around shield deployment, using shields in a team setting, and how to mitigate exposure while utilizing a shield. Our tactics have been pressured tested in both training and in live operations. As mentioned, the purpose of this course is designed to expose students to the shield. Students wanting to become shield operators should attend the GMS Shield Operator Course.

### **Topics:**

- Active shooter
- Hostage rescue team tactics
- Deliberate search
- Threshold evaluation
- Breaching while utilizing ballistic shields
- Low light utilizing ballistic shields
- Vehicle encounters

### **Gear List:**

- Simmunition style pistol
- 50 rounds of simmunition ammo per student
- Dedicated pistol mounted light
- Proper Simmunition protective equipment
- Eye pro

## **How to register:**

In the wake of the tragedy involving Uvalde, GMS is providing this one day training absolutely free of charge. GMS is prioritizing SRO's in order to better prepare them to protect our children and our community but any law enforcement personnel is welcome. A maximum of 20 students will be allowed.

**To register, email us at the link below to reserve your spot. Provide your name, department you work for, and if you are an SRO. If the class isn't full you will then get a follow up email with the specific details surrounding the training. For more information on upcoming training or to have GMS train your department check out our website.**
