

2026 Evidence-Based Policing Symposium July 9 & 10, WSU Rhatigan Center

Netflix docuseries “American Nightmare”

will be the focus of Thursday morning session.

JOIN US for an investigation update as we host Denise Huskins and Aaron Quinn to Wichita for this informative event.

This docuseries details the harrowing 2015 kidnapping of Denise Huskins. Her boyfriend, Aaron Quinn, reported the home invasion and investigators disbelieved him and accused him of murder and accused the couple of staging the entire ordeal. Authorities publicly branded her kidnapping as a hoax. Months later when a separate invasion took place, police found evidence connecting this suspect to the Huskins-Quinn home invasion.
